## MASTERPIECE

**This team building activity is a stroke of genius! As a team you must release your inner artists and paint a masterpiece of epic proportions...**

Split into teams of 6-8, each team must complete one section of the masterpiece. Not quite as straightforward as it seems, teams will need to collect information, blue prints and paints to complete their work of art.

With something for everyone, guests don't have to be artistic – but with a little creative flair, you'll be amazed what you can achieve. In addition to this, teams will also need to complete a series of mini trials. These tasks involve logical quizzes, puzzles, mental and visual challenges, and even some engineering.

This team build highlights the importance of teamwork, builds trust between and within teams, let's individuals focus on the 'bigger picture!', and helps sharpen problem solving, time management, organization and leadership skills.

At the end of the session the individual canvases will be joined together to create a renowned painting. At previous events the standard of the final artwork has been extremely high - most companies take their canvases away to be put up in their offices.

# Culture Sculpture

Create a sculpture that represents your company culture – it's a fun and creative way to see how your company shapes up!

This challenging workshop gives individuals and teams a real opportunity to express themselves, creatively. Using Mod Roc plaster, paper, clay and mixed media, you can either work in teams on a number of small sculptures, or you can craft sections that when put together at the end, form one large sculpture. The only proviso is that the sculpture must epitomize your company's culture or something that represents the company – its logo, theme, message or MD!

With Art Tutors on hand to demonstrate and explain the various techniques, the only limit to your creativity is your imagination. The array of sculptures is always amazing and the different ways groups depict the same message is always diverse.

## Objectives:

To provide a light-hearted opportunity for individuals to work together as a team. To promote creativity and breakdown inhibitions and to learn new skills as part of a team.

## The Result:

The final sculptures will be displayed in your very own Art Gallery at the end of the session. If appropriate, our Art Tutors will then choose a winning sculpture, and the group chosen will be crowned 'Culture Sculpture Winners'.

## What is included:

Experienced art tutors, disposable table covers, aprons, gloves, sculpture tools, materials, chicken wire, mod roc, air dry clay, willow canes, art paper, paints, fabrics, beads and recycled materials such as foam, packaging, cardboard and team prizes.

*Please note that your company will be responsible for taking the sculptures away at the end of the session.*

**Cost:** £865.00 (set up fee) + £36.00 per head

**Activity Duration:** 1.5 – 3 hours (indoors)

# LEGO™ ANIMATION WORKSHOP

Could your company benefit from a stimulating experience? Does your team ever get a chance to express themselves openly? Want to have fun?

These highly interactive sessions are structured to inspire and develop attendees to think creatively, reason systematically, and in turn release their potential - building blocks for the future if you will!

Once briefed on the subject of their films, it's over to the teams to decide whether they would like to do a short film, documentary, music video, comedy sketch, promotional video or advertisement.

Planning their storyboards, the team must then assign roles to their team, deciding who will be the Director, who will be in charge of building the sets, filming, sound, voice acting / voice overs and editing.

With access to our extensive collection of Lego scenery, characters and props, and armed with tripods, lighting and microphone booms, it's time for the teams to get creative and film their work.

Once the films are 'in the can', teams can edit, zoom, cut, and add film effects such as black and white or speed settings using pre-installed apps. Choosing from a bank of sound effects and music, teams can also create their soundtrack.

As a fun finale, everyone gets to watch each other's work on a large screen, with the winning team receiving their prizes in an awards ceremony. Spot prizes can also be awarded for categories such as 'Best set design', 'Best editing' and 'Best voice overs.'
